The Lady:

She really is quite the pretty girl next door, just with much bigger (natural) boobs. She's very self-conscious about these, so you have to keep telling her how awesome they are

The Story:

I'd read some glowing reviews about Morgan before booking my appointment, and they are all spot on. She made me feel at ease straight away and asked me what I enjoyed doing. We kissed and cuddled a bit then she gave me oral, certainly knows how to do that, followed by 69. Had to lick quite gently though as she is very sensitive down there. We then had sex which was amazing, as it was clearly as enjoyable for her as it was for me. She complimented me on my stamina, which for an over-sixty was a real boost to my much bruised self-confidence. Afterwards she said her legs were like jelly. I think that was a compliment too :-)

We cuddled and chatted some more to finish, and I can say that for 45 mins it really did feel like she was my girlfriend. Some of the other girls have GFE on their list of services, but they don't know what it means!
