The Premises:

Nice and easy incall booking in the Gloucester Road area. It's a nice place that I've visited before. A nice quiet street, easy to access. Nice large flat with good facilities and very comfortable.

The Lady:

Crema is definitely the girl on the website. She's in her late twenties for sure, and she looks fabulous. Very slim and attractive. Speaks great English and likes to chat. Friendly and passionate. A real girlfriend like experience. Highly recommended

The Story:

Crema has a wonderful manner. She greeted me at the door in a short black dress with a little makep, lots of deep and passionate kisses. In fact, she was literally all over me, in what seemed to be a very genuine way. Really felt like she was a girlfriend who had missed me and was just really horny. She started to help me off with my clothes and help me along to the shower. Very eager with lots of touching and caressing. I made the shower quick, I knew this would be good. When I returned to the room she smiled at me and told me she was going off to put on some sexy lingerie for me. Now this was real GFE stuff. She was fast and came back wearing a lovely all in one type of bodysuit piece that was crotchless too. It later transpired that she actually made this stuff and it's all custom (she even sells it to some of the other girls too, so you might have seen some of her designs LOL!)

Onto the real action. This was the first time that I'd started a session without OWO. It's usually the first thing they go for and the first thing I expect too (indeed desire). This wasn't the same. Crema and I literally fell onto the bed and were all over each other. Kissing and rubbing our genitals against each other etc. and I nearly went in a couple of times. It was then that she grabbed a condom and told me she can't wait and it was getting "too tempting".

The sex was intense. Not in a fast hammering away sense, but in a really passionate way. She was so wet. She climaxed quite early in missionary and really shuddered to a finish, nearly snapping my dick off. It was very sexy. We stopped and kissed for a while and then I got her on top where she really went to work on me. She has some serious skills in this department and I was very impressed. Up on her feet and squatting and then tits full in the face and bucking back and forth.

When she leaned back and started to play with her clit whilst I fucked her, I knew it wouldn't be long before she came again.

Switched to doggy and then pushed her head down onto the pillow. She was playing with herself again with her hand between her legs as I went at it. I felt so very close and asked her if she would suck my cock. She turned to me and smiled out of breath and said "really? You're doing good job!" So I fucked her until she came yet again. This girl can really go some. I didn't realise how long we'd been at it actually, but it turned out that it was quite a while. When she recovered, she sat up and said to me "your turn now". Then she pulled off the condom and went right down deep on my cock. I have to say that she's in the top ten blow jobs of all time. Really nice, wet and sensual. She sucked on it fast then slow and right up to me telling her I was going to cum. At which point she just carried on and gave it even more until I exploded in her mouth.

Afterwards we had some lovely conversation and I learned about her future plans and her lingerie brand etc. Crema is a lovely woman, sexy as hell and a demon in the sack
