The Premises:

Not been to this location before, it's more of a central location very near a Town Centre lots of people around which added to the excitement of knocking the door. Maybe they knew what went on behind this closed door maybe they didn't it just added to the experience.

Clean & tidy inside with adequate showering facilities the room was tastefully decorated with a couple of strategically placed mirrors.

The Lady:

Alexa is very slim & attractive with enhanced breasts, very pleasing on the eye & if you saw her out you'd definitely have a second look. The photo's on the website & Twitter don't do her justice she is hot much better in the flesh. Probably I would say the best indication of what she looks like is find her best Twitter pic & you won't be disappointed.

She's around 5'6 in height & I'd say her age is right judging by her looks although she could easily pass for early twenties. She presents herself beautifully, full make up, her hair is perfect how you'd like a fantasy lady to look, she smells fresh & is bubbly with plenty to say.

The Story:

Wow when Alexa walked into the room that's the first thing that popped into my head. A quick fondle of her incredible body & soon the towel was on the floor with Alexa taking me fully in her mouth. Her oral technique is amazing & I checked if cum was okay, which she gave the green light to. More oral as she pushed me down onto the bed and gave my cock a good sucking with plenty of ball sucking thrown in.

Swapped round so I could return the favour, her pussy is so fresh & sweet & she began to moan in delight. I could of stayed there for longer but I just needed to feel her mouth around my cock again so into 69.

I wanted to cum into Alexa's mouth but she's so fit I found myself wanted to fuck her too, my mind was torn. Up off the bed I got Alexa to suck me off in front of the mirror, plenty of eye contact & I

finally got to say "Alexa suck my cock" sorry had to get that in there.

By this time I was nearly red to pop, Alexa picked up the pace & I was soon firing into her eager mouth, I think there was so much cum she had problems taking it all & had to pull away so a drop was spilt.

After Alexa left the room to clean up & get ready for round 2 my cock continued to spasm due to the intensity of the experience.

I'd even go as far to say I was so turned on I was left semi hard, a little relaxing & exploring of each other's bodies & Alexa had me fully hard again. More owo followed by several different positions including bending her over the side table so I watch myself fucking her & finally onto the bed which resulted in a intense second unloading.

This is my first review for a while but I have been visiting the establishment since the last review but Alexa needed reviewing as she is simply heads & shoulders above the other girls around at the moment.

I see she does 2 girl so if ever the paths of Alexa & another cracker Gabriela crossed that would be heaven.
