The Premises:

Terraced house in a back street of central Croydon a couple of minutes walk from Church Street tram stop. Don't even think of trying to drive there. Exposed entrance opens directly on to the street. The property was lived in and reasonably clean and tidy. Adequate bathroom facilities were available.

The Lady:

Katalya is an attractive and curvy BBW from Romania who is probably in her mid 20s. Her AW photos are accurate and she speaks good English.

The Story:

I had the urge after finishing work late and had a look on AW to see what was available. Normally I now give Romanian girls on AW a miss after a number of bad punts but Katalya looked attractive and she had many positive reviews on her AW profile which I have now concluded must all have been fake.

When I called up she told me the street she was working from. On arrival she texted me the house number and let me in. She was working with another girl who was using the only bedroom in the house so we ended up in the living room which had a large rug and just one armchair rather than a bed.

On completing the paperwork, Katalya said that 30 minutes was £60 and OWO was an extra £10 which I opted for. We then undressed and I gave her breasts a good massage. Kissing was allowed on the lips but no DFK despite her AW profile saying that this was provided. She then gave me OWO which was very good but didn't last for long before she tried to move things on to sex. After remonstrating she carried on giving me OWO before putting the jonny on and we used the armchair to shag in the deep stick, cowgirl and doggy positions.

Unfortunately Katalya kept looking at her mobile phone and watching the TV rather than focusing her attention on me. She also left the room for a few minutes to go and assist the other girl that she was working with who had got in to an argument with the punter that she was with.

On Katalya's return we resumed shagging and with time coming to an end, and the chair leaving me with cramp, she finished me off by hand over her ample breasts before telling me that was an

additional £10. I told her where she could go with that but at least she then dropped the matter.

Overall this was not a disastrous punt but not one that I would recommend.
