Tall, blonde, toned body, great body and look like her pictures.

### The Story:

My first time at Ego, the receptionist offered me a drink and took me upstairs where I waited for Valentina. She entered the room and said hello, looking absolutely stunning better than her photos but unfortunately she wasn't interested in conversation and was quite unwelcoming, not what I expected at all, as I choose to see Valentina based on what I read on her profile and reviews.

Valentina asked me to lay down with my face down and started off massaging firmly my legs, then she massaged my back and neck for a while using her arms and elbows deep on my shoulder, she started the B2B and I could feel her breast and body on my back what was really nice. She asked me to turn over and gave me a bit more massaging on my front and more B2B, then she started massaging my cock and balls and rubbing her boobs against them which was good. I asked Valentina if I was allowed to touch her and she said yes, but only gently touch was allowed. Btw not what I read on previous reviews. She didn't allowed me to touch her pussy, only her back, boobs and bum. Maybe she has got her favourite clients and or didn't like me. She also avoided eye contact and didn't smile or spoke much during the appointment.

After wanked me for while she made me cum. But personally I classified my appointment with Valentina as a bad ending. Massage was very good, the girls looked like her pictures, place was very nice, but I guess she's been working there for too long and been wanked off hundreds of guys before and didn't make much effort in my opinion. I won't see her again, but I will come back to see the other girls as I like the premises.
