The Premises:

City centre up 3 flights of stairs. Hard to park even on a Sunday night.

Clean and ok.

The Lady:

Beautiful. Exactly as her pics. Nice legs, slim, very pretty face.

The Story:

She is lovely but the experience was very poor. After telephone chat where I was promised kissing with tongues and oral without, both were refused in the room (I'm hygienic had had a recent shower and tooth brushing). She was dressed differently from how she had promised also.

The condom she put on me for oral was thick and I frankly could feel nothing. As a sexual experience it was awful.

I'd asked her not to pretend to moan or fake it once we started but as soon as we began she began the fake " oh baby" routine that I personally hate.

She claimed to be 19 but I'd say 26 or more even.

I ended up with what was essentially an expensive wank while I sucked her pussy.

Then she tried to not give me my change from the £50 notes I'd given her. I had to really push her to go get change: she clearly was trying to make me give up asking.

It was disappointing. As I say she is gorgeous and if that's enough for you then great but the whole experience left me feeling it was perfunctory and a bit fake (and I get that all such encounters are fake but this was more cynical than most I felt).
