The Premises:

Incall in London Earls Court. Easy to find apartment, not far at all from the tube station. Up a few flights of stairs, but well worth it. Cosy inside and felt very homely.

The Lady:

It's not the first time I've seen this beautiful Russian, which is why I decided to see her again. I should point out that I don't very often see girls a second or third time, simply because there are so many to choose from, but Jelly is an exception. I would see this girl every day if I had my way and never bother with another woman. I say that now, but you never know who will come along!

She is definitely "girlfriend material". Jelly is the girl in the pictures, and she looks amazing. A lovely young woman. Pretty good English, and her pronunciation etc. is incredibly sexy, with a sweet voice. She's incredibly enthusiastic without being overpowering or obviously fake. She is in her early twenties, great, all-natural body. Very friendly and eager to please. Top experience

The Story:

The chemistry between Jelly and I was as fantastic as it was the first time I saw her. If not more so. She remembered me too, which was lovely. She was even wearing the same dress, which she later apologised for believe it or not, saying that she would have changed to something else had she known it was me. This is one of her favourites apparently. A leopard print short dress, with black hold up stockings and tiny black knickers; no bra. She greeted me passionately with big kisses, very genuine and just right for me. She's not ridiculously over eager with her tongue, it's subtle and encouraging. Has a big mouth with juicy lips.

Her new place is nice. Small but comfortable. I sat on her couch and asked about her. She chatted with me and sat down next to me and put her hands on me. The atmosphere was electric and I could feel the anticipation from her also. We began to kiss and she straddled me and started kissing passionately again. We started undressing each other and she soon got me naked as she slipped off her dress and I explored inside her knickers and started to finger her. She was getting very wet and we kissed again. This was real girlfriend stuff, very hot! It seemed as though we were just going

for it until we had to stop because we would have just got down to it there and there without any protection or anything. Or more importantly, I hadn't even paid her yet! She had forgotten.

We stood and she went to grab a towel from the cupboard as I got the paperwork out the way. It was all very intense. She followed me to the shower and waited for me, watching at the door, smiling. Back to the bedroom, both naked, we fell on each other like lovers that had been apart for years, I kid you not! I usually go to great lengths to describe my experience, but I can't possibly get the words for this. It was by far the best booking I've had this year, and probably one of the best I've ever had. We had steamy sex in a number of positions, some I wanted and some she suggested. I have to say that Jelly was even more proactive during this meeting. She particularly liked me on top and then her sitting on my knees as we both leaned back to get into it. She came in this position. We were both sweating by the time we were coming to an end. Well.. my natural end anyway. I remembered how good her blow jobs were, so I wanted to end like this and she was keen to please me. She gives arguably the best head I've had. Proper deep throat, very wet. The inevitable conclusion was the same as last time, but even more intense. I exploded into her mouth as she had me all the way in and she swallowed the lot. I felt her swallowing with my cock jammed down her throat. She smiled and licked her lips and came up for a cuddle.

She's a very affectionate girl, loves to embrace and stroke etc. and I honestly believe that she is worth double what I paid her all day long. I've seen "high class" Russian escorts for more money than this and not had an experience even close to this one. Jelly is what Russian escorting is all about gentlemen. Rest assured, you WILL fall in love with her.
