The Lady:

Dark haired beauty from Eastern Europe. I would say Romanian, but I forgot to ask. Olive skinned, enhanced boobs and a few tattoos. Lovely pouty lips.

The Story:

I have to say that, from the pictures, Alexa is not really my type, as I'm not a big fan of tattoos and enhanced jugs. But based on the positive reviews, decided to pay a quick visit. I learnt a good lesson here, not to stick to my "type" and be more open minded!!

After sorting the cash, got down to some really energetic and sexy DFK with Alexa. While this was going on, my gands wandered all over her body and FUCKING HELL, WHAT A BODY! It's one thing to admire a nice body with your eyes, but you really need to get your hands over Alexa to appreciate the curves and the tightness. How lucky I am, as a middle aged MK resident to be kissing and groping an Eastern European Goddess!

And it got better, with Alexa dropping to her knees as I sat over the edge of the bed and she gave me a great uncovered blowjob. Looking in the large mirror and seeing Alexa's body inbetween my legs, with her head bobbing up and down.... Fantastic!

Finished off by banging her doggy and then cowgirl. Left with a huge smile on my face!
