The Lady:

Sophie is a very attractive 40ish English blonde. She has a very elegant bearing to her, she is the sort of lady you would want on your arm going someplace classy.

The Story:

I saw Sophie three times in a ten day period while visiting London. We just seemed to click very easily. She is very friendly and outgoing, she put me at ease instantly, I felt like I had seen many times before. She started kissing me and quickly went to her knees and began a very good OWO. Many ladies will not do this, she is fine with it as long as you are respectful and don't pull her hair and be an ass about it. Her technique is fantastic, it is slow and steady and very sensual, she's not bobbing away trying to get you off in five minutes. We moved to the bed and she continued her blow job with the same steady rhythm and consistency. She seemed to be trying to extenuate the pleasure for an extended amount of time. I was turned on like mad. I returned the favor and she was very receptive, she tasted lovely and fresh. By this time I was really ready to go, I was very tired going in that day and was worried I wouldn't be at my best after a very long weekend at Download. To my delight, she had me so turned on, I couldn't stand not having her for one more second. We had sex in several positions which went from sensual to vigorous very rapidly. I finished in her from behind, it was a good one. This lady is tremendous, I hope to have many future encounters. Highly recommended.
