The Premises:

A new suburban location near Woolwich Arsenal. Not too discreet, but clean inside. I hope the flat in the Dockyard is still being used.

The Lady:

Possible the girl photo'd, certainly similar in build. I liked her Calvin Klein knickers.

The Story:

I didn't have a lot of time to spare so the rushed, business like session wasn't too problematic. Virtually zero by way of foreplay by her on me and I didn't push my luck on what I did to her other than fondle her breasts. She seemed to take an age making sure the condom was OK. It almost killed my erection completely. I just took her in doggy position and pumped away to completion pausing occasionally to feel her breasts and to run my hands over her bum.
