The Story:

I have visited this young lady a couple of times now and wanted to share my experiences. The first time I was nervous (as always), she put me straight at ease – it soon became like seeing an old flame. Totally relaxed, no clock-watching, no pressure. On this occasion I just fancied some OWO, which was carried out expertly to the desired conclusion. The rest of the time we chatted and got along brilliantly.

I only visit girls occasionally, so the next visit was some weeks later. I was a little late due to traffic but this caused no drama. This time I went for the full service, OWO followed by full sex (protected of course). She rode me like her life depended on it, it was a real treat – I was tired so it took me a while to cum but she put in the work to get the job done.

A bit about Phoebe, she is slim with a pretty “girl next door” kind of look. She isn’t enhanced and is all the better for it with a cracking natural figure. A few tattoos and a pierced tongue which is surprisingly not really that noticeable during both oral and French kissing (which is a real high point, I feel this is required for intimacy). She is clean and well presented, laid back, relaxed and non-judgemental. I don’t think she is feeding a habit – she certainly has not asked me for any “gear” (yes this happens with some girls). I will be visiting again.
