The Story:

This is an update for a review I left a couple of years ago. Emma is still one of the top providers in London. I had to call and make the appointment the night before as my schedule was a bit crazy. She was able to get me in the next day at my desired time. Emma was already dressed in something almost perfect. A Sexy number that I liked. She discussed the session and returned wearing her signature work heels, which made the look perfect. We began in the spanking room. I gave her a nice spanking over my knee and had a bit of playful sexy banter. I moved to flogging her entire body which we both seemed to enjoy. I told her that I would count down from 3 and then it was her turn to take over. She gave me a good spanking and flogging which I enjoyed even more. Then it was time for the main event. We went back to the bedroom and went to it. Emma does oral with, but it is very good, one of the better covered blow jobs out there. I can't really put it any other way. Emma is extremely skilled in the bedroom, she has made me finish in ways no one else ever has, normally I have to set the pace to get off but Emma can get you there by taking over and not letting you out of her clutches. It is very obvious she does Kegel exercises and can give you a very good squeeze at just the right time if you are so inclined. I ended up finishing in doggy and pretty rapid clip. I was so turned on I couldn't take it anymore, had to bang away to get release. I've seen Emma 6 or 7 times now and I feel like we have just scratched the edge of some of the things we might get up too. I look forward to many more. But unfortunately, I'm only in London a few weeks a year. But I will be back. Many times.
