The Premises:

Normal place as usual, just off the high street in a discreet place making it easier to look like one of the people on the streets

The Lady:

Kimmi had tattoos on her arms and body.. lovely long legs which were awesome and the body was slim and really nice.. She does have fake boobs as well

The Story:

I went into the room waiting for about 5 minutes I think it was for kimmi to come into the room this felt like hours at the time. When kimmi arrived into the room with my water i was taken back on how beautiful the lady is and how friendly she is. We got undressed she gave me a massage on my back with powder which was nice but could have been better, we then moved onto her stroking my little man at a nice pace and then gave me OWO possible one of the best OWO i've had in a while. We then starting to really get down to business she was on top and it was a really good view and we tried few more positions. overall it was good but I do have some points to improve.

1. it didn't seem like she was enjoying it felt fake
2. there was no personality from kimmi
3. could have had more conversation.

but even after these points, I got to say that she is really good at what she does and if i was anyone I would book her if you want a amazing women who knows how to treat you
