The Story:

My second meeting with Dollar after having the pleasure of seeing her before Christmas. I think Dollar is absolutely gorgeous and I had no hesitation in seeing her again in MK when on a long weekend in London. After a quick shower Dollar entered in white bra and knickers and wearing red heels. She looked an absolute picture and her smile just lit up the room. We kissed, hugged and chatted before we were both soon naked and on the bed. I asked for one of Dollar's special blow jobs and she went to work on my cock. Nobody gives oral like Dollar, she practically turns it into an art form and literally worships your cock. Speed, depth, kisses, licks and that amazing blow onto the end that drives me insane, all while looking right at you with those innocent eyes. After a good 10 minutes of oral on me we switched to 69 so I could return the favour before a condom was expertly applied and Dollar went on top and squatted up and down on me. Slow and fast Dollar mixed things up and the sight was amazing. In order to give Dollar a rest we switched to missionary but not before I could resist a bit more oral on that gorgeous pussy until Dollar came.

Missionary and doggie followed before Dollar asked if I wanted to finish in her mouth. Sounded good to me so Dollar went to work once more with her expert owo. Despite her best efforts I was unable to finish however and Dollar seemed genuinely disappointed as in her words "I want your spunk". No reflection on Dollar's part and as I felt guilty I had to confess to the reason why, Dollar knows :-)

The last few minutes were spent cuddled up chatting with this absolutely gorgeous babe. There is something about this young lady that is just so special, the eyes, the smile the naughty sense of humour and not forgetting the blow jobs and sex. An amazing end to a fantastic long weekend in London, with the odd detour to MK and Bletchley thrown in. Can't recommend Dollar highly enough. An absolute pleasure to spend time with.
