The Premises:

The Lady:

Statuesque and striking. Around 6 ft tall with very long shapely legs and a flexible, toned body.

She looks like the photos on her website

Probably early-mid 30s and European.

Well-educated and her English is perfect.

I had other things on my mind but I guess she would be good company in a social setting.

The Story:

Fourth appointment with Lucy – the first as an outcall. From my experience, (I've been around more than a few years) Tantric massage services in London vary hugely; some mechanical and predictable, some responsive and exciting. Lucy among the best – responsive, tantalising and experienced, she reads the client's reactions to raise the enjoyment. And she is fun, a lot of fun.

Three other stand-outs make Lucy different. First, many Tantric masseuse either do not allow clients to touch them, or it's "an extra". Not Lucy. She enjoys respectful mutual contact from the start. Second, the agency masseuse often wait until the near the climax and then charge "for extras" – so a £250 outcall becomes £350+ for a few minutes heightened pleasure. Not Lucy. Extras are all included and enjoyed, and when the client wants to. Third, many masseuse restrict the action to the bed with the masseuse dominant. Not Lucy, she is open to using the entire room and its furniture. And she may well have the best tongue in London ... I leave the rest to imagination
