### The Premises:

Nice easy incall around Gloucester Road area. A building I've visited before, so no problem finding it. Discreet location and easy access. Tiffany's room was lovely and airy, spacious and comfortable, with a good enough shower, albeit making a few strange whining noises!

### The Lady:

Tiffany is most certainly the girl in the picture, and you can bet your ass that she looks as good in person, if not better. She is truly very naturally beautiful and has an amazing figure. Her English is pretty good, and she is very friendly and pretty confident. Quite small in stature, with a delicate frame. Lovely hair and makeup, done very subtly. Adorable looking girl, about the right age on the website, but a little older I think she said.

### The Story:

Tiffany was wearing a very nice red dress. She wasn't dressed in a slutty way either, with her boobs pushing out or stockings showing etc. she looked as though she was planning on going out to lunch or something. Incredibly classy and beautiful. She greeted me with a loving kiss like a real girlfriend and invited me to take a shower whilst we chatted a little. When I had returned from my shower I found her lying on the bed, on her front facing away from me, in just her black panties, and matching bra, with her heels still on. I saw the red dress cast aside on the nightstand. She wasn't messing about.

She smiled at me and kissed me deeply whilst I undressed what was left on her. Her boobs are medium sized, stunning to see and even better to hold. I don't think they are enhanced, but perhaps a little from underneath (or she was just very perky!) either way they felt amazing to hold and natural as any others I'd held. She has a tight and toned little ass, with a very cute pussy that I could see clearly from between her legs with her back to me. I licked my fingers and slid them between her legs and she shuddered with excitement and started to get very wet. I laid her down on the bed and proceeded to go down on her. I looked up at her and she had her eyes closed, playing with her tits. She looked amazing. It wasn't long before she came with me doing this nice and gently.

Then it was my turn. She got between my legs and looked at me practically the whole time whilst she was doing OWO. She's very good, very wet and nice technique. Not great length inside, but was plenty to get me going. What I liked best about Tiffany's style was that she is quite vocal when she did it. Lots of chomping and "om om om" sounds coming from her, and some moaning that sent vibrations down my dick. Really hot. I knew right there where I'd like to finish up!

Onto some sex, which was just as good as I thought it would be. Tiffany is very slight in build and easy to toss around, so to speak. I positioned her into missionary and went in deep. She moaned and gasped a little but enjoyed it I think. Kissing was deep and passionate and we worked up quite a sweat. Then we swapped to doggy, and into her laid on her front with her legs closed so she seemed even tighter (especially when I grabbed her ass cheeks together and pounded away nice and hard). We were having such fun in this position that we had a little mishap and failed to notice that the condom had actually come off. Couldn't have been long though, and it was soon retrieved by Tiffany with a little fiddling about. She was very good about this and laughed without making a fuss.

I couldn't be bothered with putting on another one, and knew I was close to cumming so asked her for more OWO, which she happily did. This is where she started to speed up really fast. Not something that works with many girls unless they get it really wet, but she did a good job and I unloaded in her mouth, forgetting to warn her, or actually even agreeing on this before we started. She took it all and then went to the bathroom to get rid of it. She returned and smiled at me. I told her I would give her the extra. She didn't seem concerned at all.

We chatted for a while about all kinds of things. Her English isn't brilliant, so we struggled sometimes, but she is very passionate about Harry Potter of all things would you believe? I paid her the extra £50 for CIM and left very happy to have met. Recommended
