The Premises:

A little funny to find but clean if not a little unorganised. Parked in local super market with a 2min walk .

The Lady:

Elise is as I hoped she would be phisically, no mistaking her from her photos and in my opinion very sexy in a busty milf way. She was friendly and reasonably chatty.

The Story:

A quick phone call and text back and foward soon brought me to Elise's flat. Apologise that it's taken a year to write but as I'm so tempted to see her again I thought I'd review the experiance. She greater me in a standard kind of way and we chatted a little on what I was looking for, I wanted to confirm with her that she was indeed submissive and she was comfortable with me taking the lead along with dirty talk to which she agreed was fine.

I was very aroused by this point, Elise is gorgeous and wore a dress that pushed her boobs right up and out the top of it. I'd soon popped them out in all there splendor and sucked like a hungry baby on the gorgeous woman's tits while fondling and getting my hand up her dress. She did indulge me in some dirty talk and confess to how slutty her behaviour has been letting men use her, but I did feel she wasn't totally into it, as was the same with kissing. She would kiss but not to much and I didn't persist in these things. I do remember an awesome tit wank and having to hold my load for all its worth while I pumped away in her. She was open to different positions and I took advantage of admiring her banging body bent over or legs spread as I road her. As our time came to an end I slipped the condom off and covered her as best I could, in honestly I can't remember where and if she had offered facials at the time is where I would have offered my appreciation.

I am a bit unsure on how the booking went in honesty, she was nice to talk and a pleasant lady but maybe not as her AW profile suggests in regards to being submissive. However my cock is twitching to see her again. I do love a busty mature lady and Elise hits the spot. Would I recommend? Sure, I think I'll try and see her again soon.
