### The Story:

A natural and friendly hello flowed naturally into a kiss and a cuddle without me knowing the sundress hit the floor and was stepped out of revealing a figure to die for. Some more getting to know you and out of those panties she stepped. A whispered word in her ear and a playful nudge and she on her back her clearly naturally moist pleasure garden waiting for my tongue. Oh so tasty and responsive and I assume she enjoyed it from the quivers moans and feet on my back. She asked if she could suck sirs dick and did once she recovered from the distraction her juices on my tongue appeared to present.

After some lovely show-stopping oral with delicious eye contact throughout the bra came off and we 69d until I was in danger of missing out on her other delights.

A condom slipped on and a further suck for good measure she smiled and asked sir to fuck her doggy.

Tight and naturally moist she took me or I took her I have no idea but I know she enjoyed it like I did she squeezed me so tight as she came I feared I wouldn't be able to leave.

A flirt and a joke later and a drink for good measure I was on my way with a kiss a cheeky flash of panties under the sun skirt and a spring in my step and a new desire for overtime
