### The Premises:

Whitney's flat is on the main A4 Cromwell Road coming into the city from the west, just after the Sainsbury store following the Earls Court crossroads, so easy to find, but less easy to park I would imagine, although I came on the tube. Her doorbell is broken so it was necessary to advise the agency on arrival, to let her know to open the door. This led to a short delay standing on the doorstep, which may be off putting for some. She is on the 3rd floor, nice cosy flat, kept perfectly clean.

### The Lady:

Whitney is pretty much like her photos on the website, late twenties to early thirties, I'd say, perhaps looking older due to the huge black false eyelashes she was wearing, which to my eye did nothing for her appearance. I am sure she would have looked absolutely fine without them! Nice, well proportioned body, not super slim, but a lovely smile to compensate.

### The Story:

Whitney was very obliging and content to carry out my normal wishes, although a little less keen than expected with French kissing but she got into it towards the end. Very responsive to DATY, came at least twice, really don't believe she could have been acting, such was her shuddering. Finished with her in cowgirl position, which was intense, and therefore rather short lived! Definitely one to recommend but not sure I would revisit, maybe it's the haunting memory of those eyelashes!
