The Premises:

Easy to find apartment in the Gloucester Road area, but equally as close to Earls Court station I'd say. Nice and tidy apartment, that I actually think I've been in before a time or two! Fresh towels and good shower etc.

The Lady:

Kiss is most certainly the girl in the pictures, although I have to say right here and now that they don't do her any justice at all. If you think she's gorgeous in pictures, you have to meet her in person. That massive mane of hair is stunning, especially when it's thrown over her shoulder and she smiles. She has the best smile I've ever encountered, no word of a lie. She's in her early twenties, with an all natural very feminine body. Has a lovely round ass and very nice boobs. Kiss is incredibly friendly and passionate and I would recommend her all day long. Doesn't speak a lot of English, but she tries really hard.

The Story:

Kiss greeted me in a very stylish green dress and heels. It has a massive split in, showing off her stocking tops. She had a little make-up on, but not much at all. She greeted me with a lovely girlfriend type kiss and led me into her room. We exchanged pleasantries before we began, but it wasn't long. She was very horny and helped me out of my clothes, still kissing me very passionately. She took off her dress to reveal a beautiful matching lingerie set: bra, panties, suspenders and stockings. She looked incredible. She led me to the shower like this with me following her gorgeous arse.

After my shower she got onto the bed whilst I stood at the side and she took away the towel to find me standing to attention. She took me into her mouth eagerly and gave me wonderful OWO. She has this way of clamping her mouth around real tightly now and again, right at the end of my dick, that felt amazing. She took it quite deep too and I was able to hold her head a little how I like to. I took her bra off whilst she did this and felt her lovely boobs. They're all natural and beautiful. Soon I had to stop otherwise I'd have just popped right there and then. I laid her back on the bed and took off her panties to reveal her lovely looking, fully shaved pussy.

This is where I had the most fun without actually getting seen to myself. I went down on Kiss and

licked her pussy nice and wet, she loved it! She kept position writhing around and tensing up until she grabbed my head and climaxed. She was quite out of breath, so we spent some time kissing and caressing before she put the condom on. We had sex in missionary for a while which was great. Kiss is really responsive and gripped my cock like a tight fist when I was inside her. She has some skills!

Switched to cowgirl with her tits in my face for a while. Her ass is great to hold onto. Then I switched to my favourite position with her laid on her front with her legs closed. She was even tighter in this position and it felt amazing. I kept leaning forward to kiss her. She's a very good kisser. I felt myself coming to an end and jumped off her to stand at the end of the bed. Kiss looked me in the eye and opened her mouth as I pulled off the condom and jerked off into her mouth.

This is a really hot girl who makes a serious effort to look amazing. She is very affectionate and we cuddled for some time and stroked each other, with some more kissing. She even complimented me on my kissing too. I can see now why she is called "Kiss"
