The Story:

I have just arrived back in the country after a very long transatlantic flight and was going to drive another 2hours from heathrow to get home. My shoulder did hurt and I just thought a good massage will help.

So without checking the website I simply just called EGo massage and asked who was available. I was told Layla will be by the estimated arrival time am getting there. So I drove down without expecting anything particularly as I have never met her before and what i got was a pleasant surprise.

Told her I was tired after a long journey and she did everything to ensure I have a relaxing enjoyable experience. She found all my hard mussels on my back, on my waist, on my bum you name it and all the while still managing to arouse me.

By the time I turned around I was almost ready to explode. This is by far the best ever experience I have had at Ego. Layla is innocent looking but with a fantastic disposition. The breast are the right size and she is very natural. I will love to see her as often as I can.
