The Premises:

The Lady:

Stevie's profile description is accurate and photo's are genuine, if anything she looks even better in real life.

She is roughly 5'5 as suggested, lovely, healthy long blonde hair, dress size 6 on her profile is accurate and she still has a gorgeous feminine figure, nice juicy bum and good size breasts. Roughly size 5/6 shoe.

She is, facially, very attractive, beautiful eyes, lips & pearly white teeth. Her skin is silky smooth from head to toe and she has a beautiful light bronze tan. A number of tasteful tattoos, nothing off-putting, earrings and belly button piercing.

The Story:

The appointment was booked with Emmy of Durham Courtesans. Emmy is very polite, professional & has very good response times via text & call.

Stevie arrived on time, dressed casually but very nicely in a light green jacket, black tank-top, loose fitting trousers and clean white trainers, she also looked and smelled very clean, presentable and pleasant. Money was out of the way quickly and painlessly, Stevie was and remained, polite, friendly and highly likeable throughout the appointment.

She took her time and did not seem hurried or rushed at any point, she was amiable to the majority of my requests however, cim and/or facial was not included, which is the only negative (and only mildly negative) point in this review. She came across as genuinely eager to please and enthusiastic in ensuring I was enjoying her company.

*for any foot fetishists: she has small size 5-6 (roughly) feet, silky soft, no hard skin & no bad smell! and toenails were tastefully painted with no nasty chipping. 10/10 for her feet.

Overall this one of, possibly, 'the' best booking experience I have had over the course of approximately 4 years (over 50 appointments), from arranging the appointment with Emmy to

meeting and spending time with Stevie; absolute value for money & more than satisfactory service, my only regret is that I did not know about this agency sooner! highly recommend both the agency and the escort.
