The Premises:

Cici has a nice apartment in Earls Court, very easy to find, and one I've visited before. It's nice and clean and tidy inside. I felt safe and secure and she made me feel very welcome.

The Lady:

She's definitely the girl in the pictures, although she looks much better in person and her hair appears to be slightly straighter. She doesn't speak fluent English, but she knows enough to hold a conversation if you're patient. A nice figure, natural body, very cute.

The Story:

The service was everything I expected it to be, with all the trimmings I wanted. She was wearing some very nice matching panties and bra - black - and some high heels when I arrived, She was very confident, although a little robotic at times. A friendly girl who kisses very passionately (but then most of the Russians tend to do this I find).

Straight down to it with some OWO, which quickly moved into 69 because of her position. She had a lovely shaved pussy and tasted great. She seemed to like it, but I am positive I enjoyed it more! She has a nice technique and didn't seem to want to rush, which I like.

Moved onto some sex in missionary. Had a nice handful of her arse whilst I banged her. She seemed to like this too, muttering a few Russian phrases in my ear. I think I was close to making her climax before I turned her over and went for it from behind. I couldn't really help myself, she got me so wound up!

Jumped off her and whipped off the condom and jerked into her open and willing mouth, with quite a bit on her face too. She took it well and smiled before excusing herself to clean up.

Nice little chat afterwards (well, as good as it could get) and I was on my way. Good punt that I would probably repeat were it not for all the other girls to see!
