The Premises:

Typical HoD flat clean close to station friendly maid (hope you enjoyed the chocolates!) and on suite in the main room.

The Lady:

I firmly believe very little touch up was done for Nicolas professional photos. She looks exactly the same, tanned flawless skin, shapely legs and superb rear. She is pretty with twinkly eyes and a nice smile.

The Story:

Nicola walked with some new Victoria secrets underwear looking like a million bucks. Session started with some standing kissing and fondling.

For me the lady comes first so I asked Nicola to lay down so I could kiss her beautiful body all over. She is enthusiastic and responsive her skin is soft and body is flawless it's really a pleasure to kiss her all over. Eating her out is equally as pleasing and she is receptive and makes cute noises as she cums intensely.

Her blowjob technique is mind blowing she gives attention to the balls which is a massive turn on for me.

Round one was her on top I love this position with Nicola as she has such a feminine figure and flat stomach.

Next we moved on to doggy where you can really admire her perfect rear this was more than enough for me to finish!

Between sessions she is intelligent and friendly she wraps herself around you and kisses your chest to get you warmed up for round two.

Kissing and mutual fondling before I had to taste her again - she got her self off while I was kissing her all over. On to more of her amazing blowjob before round two. I decided on missionary so I could kiss her some more and finished with her gently stroking my back.

The rest of the time was spent enjoyably chatting and kissing on the bed before showering and leaving with fond memories and a spring in my step.
