The Lady:

As before described in my FR No 113341 save that she is now age 57. She still looks all of 25 years younger and has lost nothing in terms of her energy and commitment to making a visit to her a total joy.

The Story:

This is an update of my report of May 2013 No 113341 which QV.

Mimi had taken down her AW page a while back and was only seeing previous clients but has just put up a new page where she calls herself "Mimimassage4u".

Perhaps some of her regulars are now all shagged out. I would not be surprised.

I've seen her fairly regularly since 2013 and grown to value her greatly.

Everything I said 6 years ago still stands and mere repetition does not imbue greater validity so I need not say more.

I will go on seeing her whilst I have breath in my body.
