The Premises:

Bedsit type room on the 3rd floor of a building around the corner from Marble Arch tube. Buzzed her number and she came down to meet me. No lift so be prepared for a bit of a climb up the stairs. Her room is nicely decorated and has a small shower but the toilet is out on the landing.

The Lady:

Kiki is a slim and petite Thai lady, at a guess I'd say early 30s. She has a very pretty face and might be the most petite Thai I've seen in London. A well done boob job with dark brown pointy nipples and a shaved pussy. She speaks good English.

The Story:

This was quite different to what I'm used to when I visit a Thai escort but I had a great time none the less. I had a shower on my own and then was offered an oily massage to start with and was asked to lay on my stomach. Kiki oiled us both then did some nice body to body sliding. Then I turned over and she soon got me hard with her hands and some oil then gave me some good and deep OWO.

Nothing to write home about so far but then I asked if she had any toys as I wanted to watch her play so she brought out a small wand and this is where things took off. She used the wand on her clit while I slid a finger inside then two and she was urging me to finger fuck her deep and fast. Doing this really turns me on and she was stroking my cock and sucking and biting my nipple. I held out as long as possible then came all over her boobs.

A quick clean up but she wasn't done yet and was carrying on playing which soon got me hard again and I had a second pop soon after my first which is rare but Kiki is one hot woman.

The rest of the booking carried on in the same vein with lots of RO and rimming on her and she even included some squirting and watersports. Before I knew it she was pointing at the clock saying oh time up. A quick shower and a hug and a kiss goodbye.

A great first meet with a very sexy lady and I'll be back for more just as soon as I can.
