### The Premises:

As always Annabellas provide a lovely environment

### The Lady:

Amy is around 22 or 23 and is now a little more mature than her pictures show. I must say though that they are accurate and she is even more beautiful now

### The Story:

I have had the pleasure of being one of Amy's original regulars when she was around the first time. I then found her to be probably one of the most stunning girls I have seen. Since she has been back I have visited her a couple of times and obviously with age she has gained experience .

Amy is heaven, a beautiful woman with a very friendly attitude a big smile and of course the body of a goddess.

As a man in my late fifties having the opportunity to enjoy the company of such beauty is just incredible. She has a lovely toned body, beautiful eyes and greeted me with a nice kiss,

The visit was memorable and for me to be able to bring this young Beauty to the boil is probably as much fun as the reverse. As I said before I met her for the first time when she was about 19 and she has grown in confidence and technique I didn't try it but she also offers Anal which I will have to try in one of my visits.

Great oral skills. Then put the jacket on before her riding me for a while then I asked her to give me a show!!!!'

If you're looking for a memorable moment then Amy is the girl for you Treat her with kindness and you will get the best out of a wonderful woman 10/10
