The Premises:

Was greeted at the door by a receptionist saying that the girl was not ready yet. I only had to wait a minute and was let it to her room. The room was clean with a shower available. Good sized bed.

The Lady:

Very different from the pictures. I would say she is 30+ and with a body quite different from the pictures shown (saggy tits and face not as pretty). The lady was everything apart from GFE. She had not interest in talking, perhaps due to limited English level or just disinterest.

The Story:

After a shower we started with "the business". Despite the GFE description on the website kissing was not on the menu. Her tits was quite saggy and did not really turn me on. She did a OWO which was barely acceptable. We tried some positions but she was very passive on all of them. I had paid 30 extra for CIM and suggested we finish with oral. For her CIM meant a hand job, something I have never heard of before. I asked her to finish with oral and she said she did not want as "the load" would come inside her throat. Since that is exactly why I paid 30 extra for I got disappointed. I managed to finish with another condom and left after 20 minutes. During the shower and getting dressed she did not say a single word. In summary, find someone else. I posted the same review on their website, will be interested to see if it gets published.
