The Premises:

Council flat in big estate near a church. She texted details on how to get to flat. At day time could be busier and less discreet as there is a playground in front of flat, at night it could be seen as bit risky and potential hangout for youths.

inside was sparse but clean and modern, but i wasnt there for the decor.

The Lady:

ginger milf. not sure how that became a fantasy but seeing her pics on the site got me going. great tits a highlight. her english is good if not lacking a bit of self confidence using it as shes from Hungary. no problems communicating. slightly standoffish nature but still friendly and receptive.

The Story:

good solid experience. didnt have heels as requested or wore her glasses which i wanted but she was open to kissing, few positions and took care of me really well. would recommend for a short visit.
