### The Story:

The booking for Anna was made really easy by the guy at the Agency taking the original phone call and Anna arrived spot on time looking gorgeous. As well as her physical appearance, what was so good was her lovely kind nature. She is such a sweet girl with a calm manner and despite lacking a total command of English, her communication was great. After the financial transaction was over we sat down and with her looking lovingly into my eyes, she started passionately kissing me. After coming up for air, she said she wanted to show me her body and off came the dress to reveal a stunning figure which she showed off in all its glory. After disrobing me, she started OWO on me on the bed with more passionate kissing in between. I could only hold out for a while before the inevitable CIM happened and she took it all without flinching and eventually went off to the bathroom to rinse out. We had a bit of down time then with Anna telling me about home and the reasons to come to the UK. She is such a lovely girl that if there wasn't such an age gap and that I was married, she would be the perfect Thai bride. Round two started with more passionate kissing and then rubbering up for a few positions and the second climax. With a bit of time left and no chance of me going again, she gave me a wonderful massage which was such a relaxing end to the evening. I was genuinely sorry to see her leave and if I get the chance would love to see her again.
