### The Story:

All caught up with my punting over the last 12 months or so... And I'm addicted to Andie.

Only seen her twice including this visit and I'm not normally one to revisit, like to try different fruit, but she is incredible! Whenever I'm passing through MK I'll look out for her now.

Noticed Paris was back and she was one I was curious to meet before her break so decided to throw them in together. Beautiful bodies on the pair of them, and I love Andie's attitude and playfulness. Paris was a little more reserved, but still got onto it.

Started with plenty of kissing, though Paris doesn't do tongues, owo from both, ro on both as they kneeled on the bed in front of me... What a sight! Got Paris riding me with Andie sat on my face; the best was when I switched them round as Andie on top is sensational!

Took Paris in doggy while Andie looked into my eyes and played with herself. Gave Paris a good seeing to till Andie told me she was going to come before me, so flipped her around and pounded away. They made some great noises... Took Andie in missionary while I went down on Paris before coming in the bag, couldn't get the hat off in time for a body shot lol!

All in all great girls, both sexy and playful as we chatted away after. But Andie is my favourite... Asked her who she likes working with for future reference. Will try throwing her into another duo or see her alone again. Already making plans to visit MK just for her!
