The Story:

Excellent comms by AW Andy then sms. When I arrived at the postcode I called Ellie and she talked me all the way to the door. Once inside she got me to remove my shoes and took me to the bedroom. Very friendly and smiley all the way. Ellie was wearing the black spandex outfit from her photos and I asked her to keep it on for some foreplay, which she did. Lots of DFK with Ellie caressing me all over as I held her and enjoyed handling her lovely curves. Ellie lay me back and kissed her way down my chest to my very hard cock and gave me a gentle but incredible BJ, when she started tickling my balls with her nails it was nearly too much but I just let myself be taken by her as I enjoyed the feeling of being pampered by this beautiful girl, even better when she untied her hair so I could feel it brushing against me as she sucked and licked away.

I asked if I could taste her and Ellie lay back and spread her legs so I could kiss her and go down on her. She was clean, smooth skinned, waxed and tanned and I worked on her clit for a long while as she closed her eyes and relaxed to have her fun. The taste was perfect and I asked if I could slip a finger in which she agreed to. Her tight pussy was wet and hot and as I finger her she closed her knees and pulled them up to her chest, rolling to the side and pushing her ass out so my finger could go deeper. She said I could play with her ass and then stuck it up in the air with her breasts down on the bed... I offered my middle finger and she sucked it to make it nice and wet, then I pushed it against that tiny clean hole and she pushed back, her ring gave way like elastic and sucked my finger in, tightly gripping me as I pumped it in and out. Next I buried my duds in that ass and stuck my tongue in deeply as she purred with enjoyment.

From here it's a blur of Ellie sitting on my face as I rimmed her and let her smother me, lovely 69 and the putting on the rubber to fuck...

Ellie straddled me first, looking me in the eyes and taking my whole length to the hilt, I asked her

favourite position and she said reverse cowgirl, seconds later I was watching the perfect view of her ass and back as she grinded onto my rock hard cock as I came to realise this was possibly the best punt ever. Somehow we ended up manoeuvring to doggy with Ellie always keeping pace and writhing on my cock. I lifted one of my knees to allow her to push back on me even more and she did so deeply that I lifted the other and we ducked so deeply until I came heavily inside her.

Ellie cleaned me up and we chatted for a while, she was lovely and genuine and before long she was sucking my cock again to get me hard for round 2. Next was 25 minutes of pure fucking, including:

Her bouncing on me

Spoons with eye contact

Doggy with my thumb in her ass to feel everything

Her sitting on my lap and fucking me lapdance style

Me taking her from behind as she stood up knees together, ass pushed out and her hands stretched out in front of her to brace herself against the corner of the wardrobe

Her bending over the bed as I pumped into her

It got close to the end of the hour and I told her I was worried about going over, she didn't seem to mind and just kept screwing me. I would have paid for 30 mins more but she had to get ready for another booking, nonetheless she kept fucking me right up to the hour. I then said that I'd better stop and she said yes but smiled and slowed her fucking but then kept going deeper as if she didn't want it to end and making it mentally challenging for me to pull out. Eventually I did and she kept cuddling, kissing and fondling me as I got dressed and all the way to the door.

Now I am thinking about her 5 times a day and I can't wait to go back.

Definitely one of the best punts of my entire life.
