The Lady:

I was expecting a wildcat who was gonna do me some damage and was a bit taken aback to be greeted by a librarian in jam jar glasses. Olivia looked lovely all the same in her black dress that was split at the leg

The Story:

This felt like a first date with benefits cos Olivia was so chatty and telling me all about her personal life. The only way I could finally shut her up was by telling her to put my cock in her mouth.

Thankfully she is well mannered and doesn't talk when she has a mouth full of cum. Prior to blowing my stack in her mouth I took Olivia from behind which was good.

Overall I enjoyed my time with Olivia. I would recommend her cos she likes sucking dick and getting fucked while on all fours and I felt at ease in her company

Olivia wouldn't shut up while I was getting showered that was told off by the maid for overstaying my time in the room.
