The Premises:

Nice basement apartment in Earls Court. A little bit of a walk from the station, but it's not too bad. Cosy inside and very clean and tidy. A nice selection of "professional" equipment on display in Narcissa's room. Shower was fine etc.

The Lady:

Narcissa is most definitely the girl in the pictures. She has a wonderful look and does not look her age at all. I would say that she might without all her makeup, but she does her makeup so well, that you wouldn't want her without it to be honest. Lovely and dark around the eyes, with very juicy big lips. She's very slim, but not in a skinny way. Natural all over too. Tall, and her English has improved since I saw her last. Highly recommended

The Story:

"It started with a kiss," as the old song says. Narcissa kisses like a proper girlfriend should. She's passionate and playful. She was wearing little leather knickers and a leather bra, with flesh coloured hold up stockings and red heels. All topped off with a see through, black negligee. She had made a real effort. She said she remembered me when she saw me, so I thought that this was a good sign.

After my shower she stood before me and started kissing me all over, paying plenty of attention to my lips. She kisses really good, and I'm sure she must know this. Not forceful at all, and always seems to know what to do. She took off her bra and released her lovely boobs. Had to spend some time appreciating these whilst she took off her panties. She's all shaved and smooth down there and I knew I'd be tasting that very soon. But before I could do anything she started to give me some of that amazing OWO I remembered from last time. She did this whilst standing up and bending over, as I sat on the bed. She even positioned the mirror in the corner of the room so that I could watch her sucking me from a different angle. Narcissa really knows what she's doing! Nice and deep, lots of attention all over, especially the balls. She is one of the best oral escorts I've seen.

Onto the bed for some real action. Sex was enjoyed in missionary to begin with, after lots of groping and playing about. I stopped halfway to go down on her and grab her little ass, which she loved. She came like this, and then I turned her over and took her from behind. Felt great when I pushed

her down and her head off the end of the bed and really went for it. Decided to finish the same as last time and took off the condom and got her to suck me off to a shuddering climax in her mouth.

Again, like my last visit with Narcissa, she returned to caress me and stroke me all over, with very gentle hands and kisses until our time was over. She is very affectionate and highly recommended. I was ready to go again at the end, but sadly didn't have the time.
