The Premises:

Purposely designed parlour building on an industrial estate. Whilst the building itself has a big sign advertising itself as angels massage and spa, it's on an industrial estate which was deserted on a Saturday.

Inside the main door, there's an area with a pool table and vending machines, all softly lit with music playing and a big screen tv.

The Lady:

Tall, slim with firm legs a flat tummy and beautiful enhanced breasts. Chelsea has a lovely sexy face with long, soft dark hair. She was wearing a tiny leather number that her gorgeous breasts and ass were bursting out of. That's why I picked her x

The Story:

The £180 I spent was actually 2 separate half hour sessions in the same visit to this parlour. This was my first visit to this parlour, In the main door paid the man £10 entrance through the window and he buzzed me through to the lounge area with the pool table. 6 or 7 girls were there waiting for me and each came and shook my hand and introduced themselves whilst one of them explained the choice of rooms and rates. I knew straight away I'd pick Chelsea and I decided to go for half an hour in the vip room for £90 for my first session. My plan was to experience 2 different girls but you'll see why I saw Chelsea twice.

Chelsea was very friendly and led me through a door and up a couple of flights of stairs to the room. Everything was modern and clean but I was taking more notice of her lovely arse as I followed her up. Inside the room and there was a double bed, jacuzzi and a karma sutra bed as well as a little chair and en-suite cloakroom.

Paper work sorted and we sat together on the bed and started to stroke each other, I asked what was and wasn't allowed. Chelsea is very hygienic and doesn't do kissing on the lips, owo or allow oral on her but she is so sexy and teases so much none of that matters. We were kissing and cuddling in a great GFE and soon Chelsea was in just her thong and I was in my boxers. I stood up and her eyes lit up when she saw the massive bulge in my boxers that she had caused. She slipped

them down and put a condom on me before giving me a lovely blowjob and tickling my balls as I stood in front of her.

This was getting me far too excited so I got her to lay back so I could kiss and caress her all over, starting with her neck and working down around her pussy (but not on) and down her legs. She was ticklish in some places and giggled a lot, I really enjoyed tasting and feeling her soft tanned skin and squeezing those firm bulges - I absolutely love her body. Next Up I lay down and Chelsea sucked me some more and then we moved into a 69 briefly but with her lower down so her pussy wasn't on my mouth but I could feel and watch that ass up close. I suggested trying the karma sutra chair and I lay down on it whilst Chelsea sucked me some more and kissed me all over. We swapped over and I got to savour chelsea's Entire body once more.

Next up I sat on the edge of the bed and Chelsea gave me a wonderful lapdance, she would not be out of place in stringfellows and I had to have her. We agreed to fuck, Chelsea lubed up and lay down for me to enter her in missionary as she locked on eye contact. I was rock hard and Chelsea squealed as I pushed in all the way to the hilt, her eyes lit up again and she tilted her head back and gasped as I slowly withdrew and then filled her right up again. We fucked like this for a good few minutes, all the time Chelsea teasing me by getting her lips really close to mine but not kissing them and instead kissing my cheeks and neck. Chelsea suggested doggy next but before that it took me while to bring myself to stop fucking in missionary to make the switch as her pussy was so nice gripping my cock and I loved being in such an embrace with her.

Chelsea got on her knees on the edge of the bed and stuck her ass up for me, I put one foot on the bed and slid the tip in to her pussy and then slowly eased the rest in, she gasped and winced as I pushed my full length in, I asked if she was ok, she said "yes, it's big, I love it" and told me to fuck her all the time she was using my name. Chelsea and I were in perfect sync with each other her incredible body was amazing to feel whilst I nailed her from behind, I knew my time was nearly up so I decided to pick up the pace and unload inside this wonderful lady. Chelsea carried on pushing back on me to make sure I was drained and we high fived each other for a lovely fuck.

We had a nice chat as we cleaned up and dressed and then went downstairs. I told the girls I'd like to hang around to recover for a second session and, whilst Chelsea went to have a break cute Maya challenged me to a pool game. She was pretty good and we had fun as she tried to put me off by shaking her tits in front of the pockets and grabbing my arse whilst I took my shots. She laughed playfully if I missed and made me really relaxed. Paris came in and I was chatting to her whilst maya carried on playing and she eventually won as I was too busy paying attention to Paris who is very interesting and lovely. 3 unbelievably young looking lads came in and went off with Paris, Chelsea and maya leaving me sat on my own. There were 2 other girls on the other side of the room but they didn't look up and it turns out they were just waiting for the clock to tick over to their finishing time. I didn't mind as I needed to rest in preparation for the next round and I just watched the football scores come in on my phone. Paris came back as the young lads left and we started chatting again I'm definitely going to see her and maya too in future. An older chap came in and Paris explained the set up to him before he went off with her, Chelsea came back in and sat next to me on the sofa suggestively. I drank my coffee and then suggested we head back up. As I went through the door I looked back at maya and pointed at my eyes and hers as if say I've got my eye on you, she did the same back and clearly knew I'd be back to see her soon.

Back in the VIP room I asked Chelsea to keep her outfit on for foreplay and she did, after some neck kissing and cuddling she suggested running the jacuzzi and whilst it was filling up I sat in the chair in my shirt and boxers and she gave me the most fantastic lapdance as my cock grew. Chelsea went back on the bed as I stood up, took my shirt off and dropped my boxers as Chelsea slid onto the bed and writhed around looking at my cock. I then knelt next to her and kissed her all over before turning her over and running my hands down her back over her ass and then a finger gently between her ass cheeks and round to her pussy. More writhing and kissing followed along with tickling and kissing those hard nipples. We careful got in the jacuzzi - I sat so Chelsea could kneel in front and suck me once she'd put a rubber on me, then I used the shower head to get her

ass nice and wet. Chelsea squealed and laughed when the water went over her back as she wasn't ready, after more sucking I moved off the seat to kneel in the water with her, we cuddled and kissed more (not on lips) and agreed to get out, get dry and fuck.

We started with Chelsea on top of me and when she sat down on me it was paradise. Our Second session in the first day we had met and it felt like we were lovers. She fucked me with her forehead touching mine and her lips so close to mine. Then she leant back so I could take in the view of this beauty riding me as I felt her ass, held her waist then slid my hands up to those breasts. I then sat up, still inside her and carefully turn us so I was sitting on the bed with my feet on the floor as we embraced. I stood up and Chelsea was surprised that a man of my age could lift her and fuck her standing up, she said "oh yes" with surprise and delight as she pressed her feet against my calves to be able lift herself up and down on my cock in mid air. I turned her round and gently lowered her onto the bed so her ass was just on the edge and in a perfect position for me to slide in really deep and fuck her hard as she moaned with joy. I remember thinking that if this is fake this girl is an amazing actress as she is really savouring every thrust. I cheekily tickled her sides as I fucked her and she squealed again and her pussy contracted so tightly. We screwed like this for a long time, she lifted her knees very high so I could penetrate her really deeply, her eyes rolled back and I asked her how it felt as she moaned with pleasure. Saying my name she said "your big dick is inside me" we carried on fucking and I lifted her legs up against my chest, then rolled her sideways. More fucking, moaning and kissing followed and then I slid out knowing we were nearly out time and needed to get to the final act. Chelsea lay on her side and invited me to lay behind her and slide into her, spooning intimately I was falling for this girl, as my thrusts spread up and my breathing got deeper, so did her moans of extasy, building to the climactic moment when I felt my body ready to release and then shot the second big load into her. We stayed in position for a while after as Chelsea pushed back to make sure I was drained. It was time to get dressed, Chelsea cleaned herself in the jacuzzi, sexily squatting down and looking at me suggestively as she did. We chatted as I got dressed all the time interspersed with kisses, gropes and cuddles from both of us. Chelsea showed me the way back downstairs, said goodbye to lovely Paris and Maya and went back out the door some 2 and a half hours after coming in.

I need to see Paris and Maya but I'm worried Chelsea could become an addiction. Seriously lovely.
