The Premises:

Angelica (for that is her working name) is on the London Road out of Hemel between Two Waters and Apsley. It's a first floor apartment in a terraced house and is really rather nicely decorated and maintained. I didn't try the shower but the washbasin and toilet were scrupulously clean. There's a relatively spacious living and sleeping area and the bed is fine.

I suggest parking by turning off London Road into Durrants Hill Road, and after the traffic-lighted river crossing use the Apsley car park immediately to the left. Cheap as chips!

Get Angelica to tell you more precisely where to go after that. I was on the London Road as I attempted to hear her but the traffic noise made it extremely difficult to hear what she was saying.

The Lady:

I love a woman with a good bottom. Angelica certainly has that and nice breasts with prominent nipples. She is 5'4" with very lovely green eyes and shoulder length blond hair. Fully shaved below.

She is very friendly and chatty and made me feel welcome at once

She has a very prominent clitoris. Once aroused it swells much as a cock would do but in miniature. Certainly I'd not seen a clit of quite the length she can produce. Her labia are by no means as meaty as those of say Nicole Du Papillon but those flash-fry steaks are in some ways an impediment so Angelica's rather neater vulva is just fine.

The Story:

As is my routine I had a nice snog with Ange and proceeded to get undressed whilst as quickly as possible leaving the tangas until last. (These are not the Sloggi for Men Tangas any more as Sloggi now only make them in black which just makes one look like a prat that wears his pants for two (or more) days. No, I've now discovered that HOM have white cotton Tangas so that is what I wore.) I digress.

Our snogs continued until I could wait no more to observe this stand-out clit about which she waxes lyrical in AW.

It is an exceptional piece of nature's work but needs gentle handling.

I am really pleased to say that I managed to bring Ange to climax twice, firstly with tongue and digital assistance up her fanny and later due to the stimulation of Uncle's apparatus. I then was so aroused that I took but a few manipulations to dribble (It's my age) a reasonable bit of cum which Ange obligingly mopped up.

Angelica is a really lovely woman and I enjoyed all of my visit (apart from the bloody traffic noise as I tried to hear her)
