### The Premises:

Small flat above the post office near the centre.

### The Lady:

Both girls are stunners. Similar bodies, nice and toned. Bunny slightly more petite with her vibrant red, and Andie a bit more luscious.

### The Story:

Ufff... Where to begin! These girls are great. Third time with andie and first with bunny, both were amazing and didn't feel like a first time meeting bunny. Both have very good oral skills, had andie sit on my face while bunny got to work, then swapped them over. Both very generous with their dfk.

Couple of positions each with some nice interaction between the girls. I'm definitely going to see them again together and separately I think! Andie is one of my favourites, and bunny joined that list too! Top quality and good fun. Might need to bring some toys next time and go longer...
