The Story:

Started badly when she asked me which service I wanted and I replied Basic. She didn't seem too happy about this and so I thought I might as well go GFE ala establishment name. In reality this meant a little kissing only.

So, started with a minute or so of decent kissing. She was eager, or so I thought, but later realised it was because she was in a rush. Lay down for a bit of covered O which was really good. Quickly on her knees and wanted me to give it to her hard from behind, so I obliged. She made some good moaning noises, but then after a couple of mins she realised I wasn't going to finish that quickly and she started with the attitude! I asked her to turn over, which she did, but then made some excuse and ripped off the cover. I lay down and asked for more O, but she said she had no more covers and jumped off the bed, opened the door to let the world know; shouted to the girl on reception downstairs to get her some. But alas, she suddenly found some more from out of nowhere! (magic) On with the cover and she gave a bit more O, which again was good, but after a min or so she realised I wasn't going to finish straight away so she ripped off the second cover to do HR only! No touching, no kissing no this that and the other. After a min she even gave up on the HR, made a scene and threw £5 compensation on the bed then stormed off shouting this that and the other to the receptionist. On the way out the girl on reception looked as perplexed as me! It's a new one on me. What was she in such a hurry to do?? Mmmmn, I wonder.

An attractive girl with good skills but BAD, BAD attitude! AVOID! GFE has gone downhill a long way if this is the current crop and I am surprised that there are so many good reviews for it, but then again there does seem to be a sparse number of reviews for any other establishments in Sheffield. Maybe my nose is too sensitive?
