The Premises:

The apartment is located on Warren Street. Quite close to the tube station. Small basement flat, decent enough.

The Lady:

Looks very different from the pictures. Quite a beautiful face, but has a frail, saggy, petite body.

The Story:

Probably my worst punt ever. Asked the agency to recommend me escorts that do FK, and out of the ones recommended, I chose Keira.

Once the paperwork and shower was sorted, we got ready for the act. She said she would be willing to kiss, but will charge £50 extra, which isn't mentioned on the website. I refused and we went on with other things. I asked her to give me a blowjob. She said I didn't need it since I was already hard. When I insisted, she spent hardly 30 seconds blowing me with condom on, before mounting me to ride. That went on for 10 minutes. She said she was tired and would like to finish me by hand. I offered to change positions, but she said she's afraid she doesn't offer any other positions. I gave up at this point of time, and finished with a handjob. I showered and left her flat with 15 minutes still to spare from the hour I paid her for.

Quite a bad experience, but on the positive side, she is quite friendly and cheerful while making conversations.
