The Premises:

Recent building, very clean with a reception. The flat is small, but clean and well furnished. Enough space to play.

Shower before and after, with clean towel. I felt like at home.

The Lady:

29yo Italian lady, 5'6, slim, with a beautiful face, small but natural breast, nice legs and a fantastic ass.

She is sexier and hotter in reality than on the pictures on the site. But her physical description is nothing compared to her mental side. She takes her time (my request), her body language, her eyes, her gestures, her light kisses, her way to touch you - every part of her is telling you that you are going to be eaten alive - never felt that before.

She is a rare delicate sensual sexy person!

The Story:

I am not used to meeting ladies, so what I am going to describe might be common to everyone, but it was not to me.

I asked Elizabeth to plan some outfits and model them for me. In between outfits, I was to help her disrobe, touching, kissing, ... until the pressure was too high to handle.

Before the modelling session started, we did chat a little bit, but at the same, she already started to seduce me; indeed she made love to me with her eyes even before touching me. I could feel the sensuality, sexuality thru her eyes, her smile, her way to speak to me. Amazing feeling. She was telling that she was going to eat me alive.

She modelled 6 or 7 outfits, from sexy lingerie, to dresses, short skirts, high heels ... a top model handling a personal show, allowing me to help her remove every piece of clothes. Lots of kissing, French kissing, light touching, kissing her neck from behind, while lightly massaging her tits was fantastic - her nipples were so hard touching the palms of my hands. During the show, while she was naked, I asked her to masturbate for me, she smiled, licked her fingers and did masturbate ...

Help me, I was going to explode.

After a long playful time, she asked me whether she should change or not, her eyes and her body telling me what she wanted ... I said no, and the most amazing feeling ever started. it is maybe common practice, but for me, it was a first time.

On my back, after kissing me longly, licking my nipples, she installed herself between my legs, kissed my legs, took a long time on my balls, went very close to my hole, then went back to insert my cockhead into her mouth, so lightly that I almost cum. At the same time, her legs and her beautiful ass was moving from left to right and back to left, while her eyes closed, my cockhead in her mouth and her hand dancing between my balls and my cock. it was like a real girlfriend enjoying it WOOOW. After a long time, I mean I could not decently ask her to stop, I asked her to make love to me. She qqqin smiled and looked at me saying - without any word - yes, I will make love to you. Protection then into her hungry pussy, ready for me.

I was so turned on that - I am sorry for her - it was too quick for my taste - but it was an explosion in my whole body. I stayed high a long time, she was looking at me with her sexy smile and eyes. We stayed naked for a few minutes touching eachother, kissing, ... and then back to the real life ...

Did I fall in love - yes, I guess so ;-)
