The Premises:

Mia has an apartment in a nice part of town, not too far from Marble Arch tube station. It's near some popular restaurants too. It's a couple of floors up in a nice building, easy to find and access. The apartment is very clean and tidy inside, and she keeps it very nicely. Showering facilities were all good. The bedroom was spacious and comfortable.

The Lady:

Mia is certainly the girl in the pictures. There has been a little retouching here and there, but I still think that they show her off to be the curvy babe she really is. This is no stick thin Russian model (and I've seen plenty of those!) Mia has a really womanly body and I felt quite in awe of it. She has lovely curves, a bit of a tummy, but very nice, large natural boobs and a great ass. She speaks fluent English and she's very charming.

The Story:

I was very impressed with Mia the moment I met her. She had on some nice black lingerie, with a corset type thing, heels and a negligee. She kissed me full on the lips, slowly and passionately when she invited me in. As I followed her through to her room I knew it was going to be a good time. After all the business was taken care of and I'd had a shower she started to caress me and kiss again. Getting undressed at the same time. I took some time to marvel at her massive tits. They really are a joy to see, and even better to get my hands on. Mia is so much woman, that it become difficult to know just what to grab and when. I felt like a kid in a candy store most of the time. Lucky for me that she took the lead a little.

It wasn't long before she had my cock in her mouth and she was sucking it nice and wet and deep. She has really good eye contact and likes to leave some saliva between her mouth and the end of my cock as she looks at me before slurping it back up. She's very dirty with her blow jobs and this was very welcome. Moved onto the bed whilst she continued and she moved to the side so that I could play with her tits at the same time.

Moved onto some of the most passionate, genuine feeling sex I've had with an escort. We were in missionary and it really felt as though I was screwing my girlfriend or something. I was hitting all the right buttons, loads of kissing with our bodies so very intertwined and in synch. Mia came like this

and complimented me on my technique. She had to stop me after her climax, so she could recover a little, but I didn't mind. We switched it up with some work on top, where I could get to grips with those lovely tits, and then moved into some doggy, then back to missionary, where Mia came yet again. She went to the bathroom after this time to freshen up. When she returned I asked her if she would do some more OWO. Mia smiled and agreed.

Her sloppy blowjob just got better and better, interspersed with some really hot kissing. As I approached climax I pulled her up towards me and held her tight, kissing her deeply and allowed myself to climax uncontrollably with no help for her or myself. It was a really nice experience.

A great girl, with a great personality. Very sexy! I will be seeing her again when she returns.
