The Story:

I had seen Alexa's photos on the website and liked what I saw, but I am just not a tattoo or enhanced boobs guy! However I have been intrigued and thought to myself, "just do it"

So I called along the day she was in the incall house, that way I wasn't commuting today a booking. In she came to say hello, and I knew right then and there I was going to pick her. She was so well mannered, kind in nature and a beautiful smile!

Started with a lot of feeling and touching and her boobs felt so natural I needn't have worried, and the tattoos suit her and grew on me. Kissing into dfk, then into 69 where Alexa varied and showed great technique.

Next I got on top to penetrate her and then turned it up by holding her thighs back and going deep. Doggy then followed before another session in missionary whilst dfk.

Was time to come so got her suck me to CIM!

An awesome time with a great girl!

Annabellas giving me a headache now, Apple or Alexa??? Well this Wednesday 16th October they are both on rota.

Is a 2 girl interactive with Apple and Alexa gonna be done?

Jay
