### The Premises:

Ok. Fairly clean and tidy

### The Lady:

Tall blonde. Slim. Fake boobs and lips but Quite pretty face.

### The Story:

Pleasant introduction and was lead straight to the bedroom where she disrobed you reveal nice underwear

Got into kissing on the bed and I asked her to put on a show for me which was nice then She used a toy while I fingered her. She said she came (?) and looked a little flushed...

On with coat and into mish. She didn't like to get her legs up which was a bit disappointing so flipped her onto her knees to take her from behind.

Followed this with riding me but she started to get a bit frustrated that I wasn't in a hurry to finish so she jumped off me and tried to finish me by hand. This made me determined to not finish and watched her get cramps in her biceps. Lol. She said she's not used to blokes taking so long and moaned that she had a long night ahead of her..... alright pet, this is only £160, Like I care!

Anyhow asked for more sex, got eye roll but she obliged. Back to mish, tried to get my arms under her knees but no, she was too precious for that. Thought fuck this and finished off.

She cleaned up for me then turn the charm back on (easy part of the job, I guess). Showered and left.

Won't bother with her again, had so many better tricks in the past.
