The Story:

Her AW profile made it clear that this is a professional massage service with a happy ending. It was £80 but i paid and extra £10 for topless.

April was in underwear and asked me to lie face down on a proper massage table.

The first 30-40 minutes were face down with an average massage for the first 15 minutes then another 20 minutes of very light touching. It was getting annoying after a while.

April didn't speak unless i tried to engage her in conversation. When she replied she was very polite but only a few words were spoken in the whole hour. She was Hungarian but her English was ok.

She requested i turned over and continued with the same annoying light touching for another 15 minutes. She was now topless (not sure when this happened.)

She then started stroking my cock with one hand and covered the tip with her other hand. A little while later, it exploded which she cleaned up with wet wipes. There was little or no eye contact throughout.

Overall it was exactly what i paid for although it wasn't what i considered to be a good massage.
