The Story:

I have known Summer for a couple of years now and i must admit i was very nervous when i went to see her. But that quickly went when i met her. I wanted her to be the naughty schoolgirl who had been sent to me for yet again not handing in her homework and always being late for class. She was soon across my lap for a hand spanking which she took very well. Her knickers were removed and spanked on her red bottom. I had her stripped nude and bent over for a good strapping for which she counted the strokes.

She gave me protected oral sex after and was with her the best i have ever had and had sex with her from behind.

Will happily see Summer again and she is well worth the visit as she is such a lovely lady and a true submissive.
