The Story:

Well one more time in this house, a lot of rain outside, I manage to be on time the moment I am commuting from High Wycombe...

Laura she is good to talk, feel friendly, we started standing with kissing, she seems to enjoy that, then she bend down for some owo I am very clean always and I make sure also I smell nice, Laura she ask me then what I like, and I suggested some 69 on the bed, we did that for long time, she treat me well, but she don't like to much of your tongue inside her pussy, she is position herself a bit above so you can be on the end of it, apart from that she is not completely shaven, and I thing that will be better...

Then she stop to put some lube (I never like that think, but she insist that she always uses it) she come on top of me moving nicely, I fold these magnificent tits, and I move them to my mouth one at a time, after few minutes I ask her for doggy style, and she was more than happy for that, I got up and stand while she come against me at the edge of the bed, and after some 5 min on a good fuck with Laura making the right noises I cum, she help me to remove the condom and clean, so I recommend this lady, also we use all the 25-30 min for sex, so the girl is not cheating like some others...So if you like this type of next door English woman this is the right one.
