The Premises:

Incall at a Four/five star Hotel room in Central London. Nice room, good shower, comfortable double bed.

The Lady:

I found Billie facially pretty. She is quite smiley and her eyes are her best feature - very bright blue indeed. Regarding her body shape the pictures on her web site are accurate so you can decide for yourself but I certainly found her attractive. She and her friend Annabelle were extremely friendly and engaging. Both appeared to be enjoying themselves throughout the booking and are clearly smiling in the pictures.

The Story:

I wanted a treat and decided I would like a duo with filming. I had actually seen Billie before so it wasn't a total shot in the dark (an important consideration given the cost) with her friend Annabelle (who I had also met before) as a third party. The rates I quoted above are just what I paid Billie (250 for an hour plus £100 for filming) but I am never sure of the best way of submitting a duo review so have not included Annabelles' rates (which were similar) to keep things simple.

All the arrangements were made by emails to Billie a week before which were quickly replied with a text to confirm on the day to so I knew the hotel when I set out.

On arrival I texted when 5 minutes away and Billie texted back the room number so we started on time. I sorted out the paperwork and showered, both girls having dressed as I had requested in lingerie.

I wanted them to feel comfortable with the filming so we agreed that they would take turns to film on Billies' phone and she would send me the pictures later so that she would have the opportunity to censor the pictures in any way she chose. They took turns to take pictures of each other undressing and then going down on each other (at this point I was briefly given the camera). They then took turns taking pictures of giving me oral before rubbering up for sex in several positions with both of them (each taking turn to act as photographer)

I gave both girls oral and had deep and very intimate french kissing, oral without a condom and protected vaginal sex mostly in missionary and cowgirl with both of them.

In aiming to be factual I am possibly understating how incredibly erotic this experience was. Billie and Annabelle have clearly worked together before. They interacted very well and naturally with each other (and with me). I am not sure you could describe a filmed 3some as your average

girlfriend experience (unless you have lead a much more adventurous life than I have, which wouldn't be difficult!) but sex with both of them felt very intimate and natural. The knowledge that everything I was doing was being observed and filmed was a huge turn on.

Billie sent me the photos and videos a few days later using a file sharing site.

As it turned out the censoring of the pictures was minimal. I have saved them on an encrypted folder deeply buried on my hard drive and look forward to using them to relive the experience occasionally.

In summary it was a wonderful hour and one I think I will remember long after most such encounters are long forgotten so, despite being expensive, well worth it for the memories alone. Plus, of course, I have a more tangible souvenir.
