### The Premises:

Canning Town always was a rough area in London and it still is. I went to her apartment during the day and there is a certain tension around there. Sadly this didn't disperse when I met the lady. The building is nice modern clean and luxurious and it felt very safe inside having gone through two doors and up various floors in a clean lift. Her room is quiet although all the curtains were drawn. The toilet which I used at the end was clean and modern.

### The Lady:

Exactly as she appears in pictures, petite around 5 feet 2 inches brown skin and eyes she's pretty but her smile and warm attitude was not evident as in her pictures on Vivastreet. A few small tattoos on her unblemished skin. Early to mid twenties. Hair was tied back in a bunch with no make up but she was naturally pretty enough not to need it.

### The Story:

I arrived early and already when i asked if i could visit her i was faced with a kind of sighing urrrrgh ok then. I said I wanted half an hour and she agreed to that. When I got to her room she answered the door and initially smiled but that was to be the last of the warmth because either she is incredibly shy or just not suited to this type of work. I asked her what she did and she got all uptight and nervous and just said "normal things" in a kind of snap. I gave her the money and went to kiss as she advertised kissing and GFE on her page but she said I don't do GFE in a snap. I tried to tell her that I only like straight stuff even though she offer A level and Domination on her advert (I honestly can't imagine her dealing with that!) We both undressed as if Airport staff had ordered a strip search in silence and I lay on the bed on the towel provided.

She kept her back to me with no eye contact and sucked and wanked my cock with baby oil and a condom on. This went on for 10 minutes but despite Viagra I could not get aroused by this attitude and agreed with her to end the punt early. All in all i felt quite judged and like I'd been dealt with by a prudish school mistress. Can't say i saw much of her body as she kept her back to me for most of the time. If she was trying to sell you a newspaper you wouldn't buy it with her attitude. Eastern European pop band was playing on the TV throughout the whole time I was there. I like Eastern Europe and there peoples generally but didn't find the atmosphere she created fun. I'm not a dreadfully unattractive man or very sinister in desire and can acquire hook ups in bars on occasions and am always polite and well mannered to the ladies in these situations but at the end of the day it

is business.
