The Premises:

The usual place, easily accessible between the car park and the high street. Not a luxury hotel but perfectly adequate.

The Lady:

Stunning blonde. Often said but the photos don't do her justice.

The Story:

I was at MKE seeing Candy. During my time with her I saw Louise (don't ask) and asked if she could join us for the second half of the hour. That turned out to be one of my better spur of the moment decisions!

I'm struggling to think of what to say other than she's brilliant at her job.

Only downside was a small awkward timing issue that meant she had to leave before then end.
