The Premises:

An easy walk from Ears Court station. Ground floor apartment (she answered the main door which was new for me). In a nice part of Earls Court, quiet and discreet. Apartment was cosy, clean and tidy. Removed shoes at the door etc. she looks after things.

The Lady:

Milana is the same girl as in the pictures, but there has been some touching up. Same age too I guess. She's a little more weighty than her pictures would suggest, and not as pert in the boobs department. A nice attitude, friendly and polite. Speaks very good English.

The Story:

She was dressed in a turquoise gown, and beneath she had on just panties and bra. Kissing on the mouth was allowed and quite passionately, but she wasn't keen on my chin whiskers when we got a little more heated. Fair enough, she was still very passionate. When we got down to it and she was naked, I noticed that her boobs, although big, were really quite droopy and looked as though they needed inflating. It didn't bother me all that much to be honest, I like the natural woman, but it may bother some clients.

We ended up on the bed all over each other and she wanted me inside her quite early on. Reached for a condom and put it on quickly. Then she went down on me. Felt very nice and she moved her head up and down quite fast. Not too deep, but a nice technique. I thought for a moment that she didn't do OWO, but it turned out this was just a prequel to fucking.

Sex in missionary was very enjoyable, but I couldn't kiss much of course with the whiskers sadly. Her boobs looked nice wobbling beneath me. She did complain about me going too deep once or twice, but overall it was nice. She decided to switch to doggy, where she again asked me to be careful not to go too deep. Grabbed her boobs from behind and it felt really nice. Pushed her head down and into the pillow and went for it for a while until she'd had enough. When we were switching I decided to ask for some OWO. She gave me this gladly and said I could CIM for an extra £50. I took her up on it because I like this treatment. It was very nice I have to say. Not as great as some of the Russians I've had do this for me, but still very nice.
